

DESIGNED FOR

Squats and disc storage

USER FRIENDLY

Clearly marked height increments for even cup placement

CONVENIENT J-CUPS

j-cups are easily adjustable and secured to the upright

BOLT DOWN HOLES

Included for anchoring the rack to ensure stability and user safety

ONLY THE ESSENTIALS

THE BASICS FOR STRENGTH TRAINING

The Eleiko XF 80 Half Rack Hybrid is a minimalist half rack perfect for squats and presses with convenient integrated weight storage. J-cups smoothly slide up and down the uprights. The back uprights can accommodate storage shelves and the rack is compatible with rubber band attachments, chin-up-handle and other types of accessories. The sturdy steel tubing is finished with a sleek matte black textured powder coat that wears well in tough training environments. The rack must be bolted to the floor for user safety, and holes are integrated into the base for anchoring the unit to the ground in a way that minimizes trip hazards.
