

**DESIGNED FOR**

Multi-purpose rack for squats, presses and more

**CONVENIENT J-CUPS**

j-cups are easily adjustable and secured to the upright

**ADDITIONAL ACCESSORIES**

XF 80 attachments offer additional capabilities and training options

# FUNCTIONAL TRAINING

## SPECIFICALLY DESIGNED FOR SPACE EFFICIENCY AND HOME USE

With the Eleiko XF 80 Light Rack we deliver a strong foundation for training in a space efficient footprint and height. The lower height (180 cm/6 feet) is ideally suited for home gyms or spaces with lower ceiling heights. The rack comes standard with j-cups, and as part of the XF 80 collection, it is compatible with many of the XF 80 fitness attachments such as the safety arms, band pegs, dips module, glute developer, and insert platform. However, it is not compatible with the pull-up bar or disc storage.
